Complete Charging Pack

The Chargepod[®] is a versatile 6 way charger that allows you to simultaneously charge all your portable devices, including cellphones, PDAs, headsets, GPS devices, cameras and portable gaming units. Devices can be charged at home, office, or in the car while traveling. The Chargepod is a convenient yet simple and smart technology that saves space and frees up outlets where ever you decide to use it. In the long run users can save money on costly single function home and car chargers by simply purchasing new adapters for new devices. Chargepod uses voltage regulator technology and interchangeable power adapters to work with all of your mobile devices regardless of the manufacturer or model. The **Complete Charging Pack** comes with 6 popular adapters (Motorola/mini-USB, micro-USB, Blackberry, iPod, Nokia, Samsung) as well as a car charger for road warriors. Additional adapters supporting thousands of devices are available at www.callpod.com.
